Special Corporation Meeting.
There was a fair assemblage Friday evening, at a special meeting of the village corporation. Hon. J. S. Wright was chosen moderator. The meeting was to choose committees to investigate water powers and other means for a light plant, and to see what the probable cost, and available means would be. After considerable discussion it was voted that a committee of seven be appointed. It was voted the moderator be one of the committee. The moderator appointed the remaining members, and the names were accepted by the corporation. The names are: James S. Wright, Walter L. Gray, N. D. Bolster, J. H. Bean, L. S. Billings, W. O. Frothingham, S. P. Maxim. The committee was authorized to employ a competent engineer, and to investigate other methods of securing power or lights as might be practical.

Team Wrecked by the Car.
Thursday afternoon, Mrs. G. A. Hussey and Mrs. A. W. Hobbs, with a child, were driving out to the street from the stable of the Colby house, on Pleasant street, where they live. The driveway is quite a steep rise from the stable to the street. And the street railway track is on that side of the street, at the top of the bank, while the house is so situated as to cut off the view up the street until the top of the bank is reached. The occupants of the carriage did not see the car, which was coming from Norway, until their horse was on the track. They tried to get across, but the car struck the carriage, which was badly wrecked and the people were thrown out. They were somewhat bruised and lamed, but fortunately had no serious injuries.

Henry Kerr is confined to his home with the grip.

The Baptist church will observe the twentieth anniversary, Monday evening, May 15. Among the speakers will be Rev. Herman S. Pinkham of Somerville, Mass., a former pastor of the church, and Rev. Avery A. Shaw, of Brookline, Mass.

Those who were in attendance on the Masonic Grand Lodge in Portland last week from Paris Lodge were W. M. C. E. McAdams, A. C. T. King, J. E. King, Walter L. Gray, Fred H. Evans, P. M. Walker, Arthur E. Forbes, Wallace B. Strickland. Mr. Forbes was appointed district deputy of the 16th district.
Hamlin Lodge No. 31, K. of P., conferred the rank of Page on four candidates last meeting. Next regular meeting the rank of Esquire will be exemplified. Pythian Sunday will be observed May 21, with a service at the cemetery at 2 o'clock, then march to the Congregational church, where the sermon will be preached by Rev. A. K. Baldwin.

The new bell for the Methodist church was got into the belfry on Friday. George W. Cook was in general charge, with a good crew of assistants. A sheers was rigged over the front window of the belfry, and the old bell and rigging were let down and the new run up easily and smoothly. So well did the work progress that the belfry was cleared before noon, and the new bell was up and the gear cleared away before night.
The new Methodist bell was rung for church services Sunday, and has now been connected with the town clock. It is a very sweet and clear-toned bell, though not very loud sounding.

F. A. Shurtlett is not to move from his present residence, to which he has been making some repairs. The Stowe house, which has been thoroughly repaired, will be sold. Arrangements have not been definitely made as yet for the Congregational parsonage, a parish meeting being called tonight to take action in regard to the same.

Farewell Banquet.

On Saturday evening, at the Beale hotel A. E. Marston, retiring superintendent of the shoe factory was given a farewell banquet by the foremen and department heads in the factory. The preparations were kept a secret from Mr. Marston until the crowning moment, and was a genuine surprise.
Mr. Marston had been out of town and returning on the evening train went directly to his room. After a few moments a messenger was sent who called him to the lower hall on important business. As he reached the head of the stairs, Stearns' orchestra of four men struck up an appropriate selection.
On reaching the lower hall he was addressed by Charles W. Bradley, who in behalf of the assembled guests, in brief, well worded and appreciative address, presented Mr. Marston with a handsome gold headed cane. Taken by surprise as he was he retained his composure and responded most fittingly. The party then repaired to the dining-room where a banquet, finely prepared and excellently served, was awaiting them.
Menu:
Tomato bisque soup
Boiled salmon
Hollandaise sauce
Cucumbers
Olives
Roast young turkey, currant jelly
Mashed potatoes
Lima beans
Lobster salad
Strawberry short cake
Froze Macellonia
Angel cake
Assorted apples
Assorted nuts
American cheese
Soda biscuits
Coffee

At the tables were A. F. Marston; C. H. Sargent, superintendent; C. W. Bradley, head of the order and shipping department; J. M. Palmer, pay master; F. E. Tower, foreman stitching room; J. C. Shepard, foreman bottoming department; F. A. Mann, sole leather department; W. M. Wires, ironing and packing department; C. H. Pratt, lasting department; E. H. Allen, McKay department; Ed Gundy, edge trimming department; Eugene Hayden, stock fitting department and C. M. Smith, machinist.
The orchestra played selections during the meal. After the inner man had been satisfied and a good measure of justice done the table's load, cigars were lighted and a chat enjoyed. The party then adjourned to the parlors where felicitation were extended to Mr. Marston and the party broke up, after singing to the tune of Auld Lang Syne a poem composed for the occasion.
We've gathered here to wish God speed
To one we all hold dear
We do not feel ashamed to-night,
To shed a manly tear.
We'll miss him on the accustomed place
When life flows on like a song.
We miss his helping hand and words,
When everything goes wrong.
May health and happiness be his,
May he success attain,
And may he ever keep in mind

Shall the Home Be Closed?

It Rests with the People of Oxford County Whether the Home So Much Needed Shall Be Closed or Whether Financial Aid Will Come to It.—A Little Pledged Each Year from Its Friends Would Make It a Blessing to Many an Aged One.
At a special meeting of the members of the corporation known as The Norway Home for the Aged Women of Oxford County, it was voted to close the Home for a time because of the lack of available funds.
Mrs. Aaron Paige, who has been the matron since the opening of the Home in September, 1903, can no longer attend to the duties of the position, and it seems well nigh impossible to find another to fill the responsible place of the wise forethought and judgment shown by Mrs. Paige without paying a larger salary than the present low state of finances will allow. Mrs. Paige and her husband were so much interested in the success of the Home that they gave their services for one year, and later worked for a very small remuneration.
The managers regret exceedingly that an institution which would prove of so great benefit to Oxford County must of necessity be closed, even temporarily, for lack of money to carry it along. That it is needed is evident from the fact that it was filled to its full capacity within a short time after it was opened, and by the large number of applications for admittance which have been presented since.
The managers also trust that are long its doors can again be opened to the aged women, who are eligible to find therein a haven for their last years.
If those who wish to know more about this county Home, or would like a photograph of the house, will write to the President of the board of directors, Mrs. Fredrick Howe, Norway, Me., she will give them the desired information.

Gladys Klark.
The Gladys Klark Company that appears in Norway Opera House next week have been playing to record-breaking houses in Maine this season.
No more charming and clever article than Gladys Klark has been before the people of New England this season. She is supported by a clever company of artists. The orchestra played selections during the meal. After the inner man had been satisfied and a good measure of justice done the table's load, cigars were lighted and a chat enjoyed. The party then adjourned to the parlors where felicitation were extended to Mr. Marston and the party broke up, after singing to the tune of Auld Lang Syne a poem composed for the occasion.

Logdriver's Body Found.

While a crew of men, under the direction of Fred H. Cummings, were corraling stray logs in Mooselookneguntic lake, at Bemis, Monday afternoon, the body of a man, partly clothed, was found washed up on the shore of Tootbaker Island, a mile and half from the Cummings' boarding house. There was absolutely nothing about the body by which it could be identified, but old lumbermen in that section believe that it is that of a Frenchman who with a companion was lost last year ago.
Those who found the body were cruising along the shore, driving out the logs which had stuck fast to the rocks and inlets of the lake, when one of the men brought up a small piece of clothing on his log-pole. He called the attention of the other workmen to the strange find, and a systematic search for more clothing was instituted. In a short time the skeleton of the man was found wedged between two huge stones, and in such a position that as the waters flowed against the shore and receded, the body scarcely moved.
Around the fleshless waist of the skeleton was a wide leather belt, such as woodmen wear, and on the middle finger of the left hand two small gold rings still clung. Around the legs, pieces of the man's trousers still remained, but their color or texture could not be determined. The body was loaded onto a raft and towed to the boarding house pier, and a coroner sent for. Then a search was instituted for the man's companion supposed to have been lost with him five years ago.
No one now working at Bemis remembers the name of the two Frenchmen who started out in a boat, loaded with liquor, one afternoon in the early spring of 1900. They left land near the spot where the Cummings' boarding house now is and made straight for Tootbaker Island, in the centre of Mooselookneguntic lake. Neither the men or their boat has since been seen.

The Ladies circle of the Methodist church have two fine carpets upon the floors of Parsonage parlors.
M. L. Kimball and Charles P. Barnes attended the meeting of Masonic Grand bodies in Portland last week.

The subject of the morning sermon at the Congregational church next Sunday will be "The Good in Bad People."
Gladys Klark and her company will leave for Brunswick, their next stand after Norway, on Thursday morning.
Elizabeth and Agnes Beal have returned from their visit in Portland. They have taken rooms at the Beal's House.
Mrs. D. L. Joslin and sister, Alma Holt, went to Augusta last Sunday, to attend the funeral of their sister's husband.

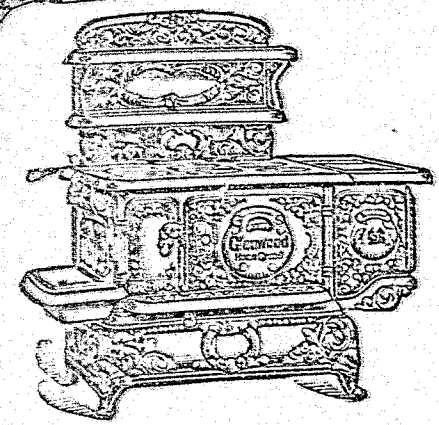

Two ladies were admitted to the Congregational church, Sunday morning, at communion service, one by baptism and one by letter.
J. Otis Swift, formerly of the Lewiston Journal and well known in Oxford county, has been promoted to city editor of the New York World.

Geo. W. Richardson, Walter Thompson, M. M. Kilgore and Dr. E. C. Walker went to their camp at Kezar the first of the week on a fishing trip.
Mrs. Charlotte (Grant) Bennett and little child, who have been visiting her sister, Mrs. Dr. Twombly, at Colebrook, N. H., have returned to their home in Norway.

E. F. Bassett is finishing the remainder of the tenement in the studio building next Tannery brook. One room had been finished and he is fitting the others on the second floor, making a cosy five room tenement. It will be occupied by George E. Benson and family. Mr. Benson occupying a portion of the lower floor for watch-making.

TED R.

Black colt foaled August 23, 1900. Property of H. P. Millett, South Paris, Me. Stands 15
hands and three inches high and weighs 1100 pounds. Sire, Francisco, son of Stamboul 207.
Dam, Tyewit, racing trial 2:10, by Battalia 2:30, son of Glenarm 2:30.
Francisco was got by Stamboul, sire of Stamboul 2:10, Elliott 2:11, Stam B. 2:11, Elsie S.
2:11, and a total of 45 in the 2:30 list, all trotters, thirteen of them, or about 35 per cent, being in
the 2:30 list, while fourteen sons have 35 in the 2:30 list, and eight daughters had nine in the list
to the close of 1902, among these from daughters being Wiggins (2:13), the sire of sensational
speed, of these nine seven being in the 2:30 list.
Francisco was out of Nola (dam of Kola, 2:20) by Nutwood, sire of 108 in the standard list,
whose sons, 125 in number, have 42 trotters with records of 2:30 or better, and 311 pacers with
records in 2:25 or better. Daughters of Nutwood have produced 202 with standard records, lead-
ing all sires in this respect.
The second dam of Francisco was Belle Byron, dam of Claus Belmont, 2:23, she by Clark Chief,
2:23, thus giving this colt a double cross to Belmont.
Battalia which got the dam of Ted R. was a fast horse but had little training. As has been
said he was a son of Glenarm 2:23, one of the fastest racing stallions of Maine in his day and a
good sire. Cyril, son of Glenarm, is the sire of Cephas, 2:11, and daughters of Glenarm pro-
duced such trotters as Elmard, 2:13, Eddie B. 2:13, etc.
Ted R. is a strongly made colt of much substance and should get the right kind of horses for
the road or track. No attempt has yet been made to develop his speed.
He will make the season of 1905 at any stable on Pleasant street. Terms, \$15.00 to warrant
Usual return privileges. Call on or address

class at the Carnival, Feb. 22. Service fee \$20 to warrant.
The Clydesdale Stallion ROYAL CONNECTION is a grand specimen of a draft stallion, is a
dark bay with some white on the legs, stands 16 hands high and weighs 1550 lbs., and will be 4
years old in May. He is bulky built, with the best of feet and legs, and moves well on them.
We believe there is nothing more profitable for the Maine farmer, than to breed their draft
mares to such a stallion. Service fee \$15 to warrant.
Parties interested in breeding draft or carriage horses for market should visit Maple
Grove Farm and see the stallions offered for service. We have one imported Hackney
stallion and one imported draft, Clydesdale stallion. They are the best of representatives of
their breed and should prove beneficial to intending breeders.
All mares at owners risk. Colts held for fees.
Parties from a distance can be accommodated for meals or over night.
Mares boarded by the week or year at reasonable rates.
These Stallions will stand at Maple Grove Farm, season 1905.
We offer for sale choice young Ayrshire stock both sexes.

WATERFORD.

The Lumber Industry.
Brown's mill, at North Waterford, has about 100 thousand of long lumber for boards, plank and dimension stuff, and 700 cords of short to be cut into spool and dowl strips, and stuff for corn boxes, of which they make many thousands.
Kilgore's mill, which is on the old grist mill site, has 250 cords of spool and dowl timber.
Knights and Clark at Bisbetown are cutting some 400 cords into spool and dowl wood. The steam mill near A. C. Bean's has about 700 thousand, mostly pine, to cut out.
Belle Bros. at East Waterford will use up the thousand long pine, spruce and hemlock, and 300 cords of dowl and spool stuff. A. S. Hapgood, at South Waterford, has in his yard and pond 75 thousand long for custom sawing, hard wood enough for 10,000 apple bbls, and pine for 40 thousand shingles.
W. W. Watson in the same village, 250 cords of pine and birch, the pine going into the cask boxes, for which he has a nice market, and the birch into spool stuff.
Anderson, at the old Dudley place, will saw out the thousand of long lumber.

The above does not represent nearly all the timber cut, as a large amount goes to Norway and Harrison, where it is cut up or sent in the drives, but enough is manufactured in town to represent a large capital invested and paid out in wages to millmen, teamsters and all who have anything to do in the cutting and hauling the trees from the forests and moving the product from the several mills.
The "Blossom Family" will give their entertainment at Bolster's Mills, Monday evening, May 15th.
Regular meeting of Keoka Chapter, O. E. S., Friday evening, May 12th. Stated communication of Mt. Tir'm Lodge, F. & A. M., Tuesday evening, May 10th.
About thirty of the neighbors and friends of Warren V. Kneeland visited him Monday evening May 8th, to help celebrate in a proper manner his fiftieth birthday. He was quite surprised, but soon pulled himself together and gave us a royal welcome. The evening was spent with stories and music. Ice cream and cake was served, and it was voted we had a good time, and we all intend to be around when he strikes the next half century if we can get there.

HARRISON.

The Passing of a Fair.
The buildings on the grounds of the Northern Cumberland Agricultural Society, in Harrison, together with their contents, were sold at auction last Saturday, Chas. B. Lamb being the auctioneer. The sale called out quite a large number of people, and the bidding was quite lively at times. The hall was bid off by Chas. B. Lamb for \$105, it being understood that he represented a syndicate of nine individuals, who wish to keep the building on the grounds, and to use it to hold further fairs in, providing that they can be gotten up. All of the other buildings on the grounds, including grand stand, judges' stand, fourteen horse stalls, old stable, etc., were sold to various parties, the syndicate not seeming to care to retain other buildings on the grounds. There was also a large lot of crockery and other property pertaining to the kitchen and dining-room, disposed of to various parties. It is to be presumed that enough was realized from the sale to settle all bills against the society.
Following the abandonment of the fair which has annually been held in South Harrison for more than a dozen years, comes the proposition that Lakeside Grange hold a fair at the village during the coming fall, and it seems quite likely that the scheme will be carried out. Many of the leading farmers of Harrison and North Bridgton are members of the Grange, the people at the village are quite friendly to the organization, and the new hall, which will probably be completed by September 1st will furnish ample room for the indoor portion of the exhibition.

B. W. Harmon, whose house was recently destroyed by fire, is fitting up the Samuel Kneeland house, which he owns, and will soon take up his residence there. Since the fire the family have been stopping with Mrs. Harmon's parents, Mr. and Mrs. Frank Trafton. Mr. Harmon lost none of his farming tools or cattle, but did lose all of his horses and hogs. He has just bought a good pair of farm horses of Andrews, of Norway.

Arthur P. Stanley is now working at the railroad station at Harrison, having the position which was filled by Geo. D. Skillings last season. The business at the Harrison terminus of the road has become so large that it is impossible for the agent, Mr. Tarbox, to attend to it without assistance. Mr. Stanley has for some time been working for the Bolster's Mills Telephone Company when they had work to do, and superintended the construction of the extension into Waterford, which was built last fall.

The decision of the courts in regard to the famous Songo dam, however, is of special interest to any of the owners of land on the Harrison shore of Long Lake, several of whom claim that their land has been greatly damaged by the rise of the water caused by the raising of the Songo dam. An attempt was made to have all whose land runs to the lake join in the suit, but quite a number of them said that their land was not damaged to any extent, and they did not wish to become involved in a law suit which would bring them no benefit. It seems that the damages will not be awarded until late next fall.

Grass is starting very slowly, but many of the fields are looking quite green. Cold weather and a lack of rain are not very favorable to the growth of vegetation. The oldest inhabitants say that they never remember the time when there was so little water in the ground at this time of year. There is much cloudy weather, but rain does not materialize to any extent. The first week in May gave us three rains, the average of which was 3.5 inches of water. The 6th and 7th were very warm for the season, the mercury rising to 80 on the 6th, and to 82 on the 7th. Some farmers are complaining that the ground is so dry that it does not plow well, and the occasional strong winds are drying it very fast. One farmer facetiously observed that the wind had blown so much that it had blown all of the dirt off from the potatoes that he had planted.

Mrs. Lizette Wright's farm buildings came very near being destroyed by fire last Friday. The chimney burned out, and cinders set the roof on fire. Mrs. Wright's two youngest sons, Howard and Ronelle, aged about fifteen and thirteen, but both were but both were in the house, and the oldest boy was confined to his bed. Summoned by his mother when no other help was at hand, the boy left his bed, and both rushed to extinguish the fire. No ladder was at hand to reach the roof of a two-story house, but Howard managed to climb up on some cleats on the corner of the barn, and from there made his way to the roof of the house. Water was passed to him in some way, and the flames were extinguished, after burning over a place large enough to take a bunch of shingles to repair. A high wind prevailed at the time, and the saving of the buildings was almost a miracle.

The last meeting of Lakeside Grange was devoted almost wholly to entertainment, and was carried on by the lady officers. A box supper was the leading feature, and the selling of the boxes, with Bro. Lewis F. Briggs as auctioneer, caused much merriment. After the supper the Grange was treated to a first-class literary program, consisting of singing, recitations, dialogue, etc., the whole being furnished by the ladies, excepting that one brother had to be pressed into the service to help out on the dialogue. The lecturer is highly pleased at the success of this meeting, gotten up by the sisters in response to his suggestion. The sisters now suggest that the brothers try their hand at the business, and it will be done at no place large enough to take a bunch of shingles to repair. A high wind prevailed at the time, and the saving of the buildings was almost a miracle.

Some Ball Games.

Lost in the Ninth.
Paris High school was defeated by Bridgton Academy team, Saturday afternoon by a score of 5 to 3. The game was not certainly decided until in the ninth inning. The game was a clean play, the batting team doing the best of the season. Paris led for seven innings, scoring one in the second through singles by Sumner, E. Shaw and G. Clark, in the fourth they got one by a base on balls of Clark and hit by Fiffeld. In the fifth a double by Clason and single by E. Shaw brought in Paris last run.
For Bridgton in the third a hit and two bases on balls filled the bases, the fourth man hit to Sumner and was thrown out at the plate, the next fielded to Fiffeld and Clason respectively. The visitors scored in the fourth, two men getting bases on errors, and a sacrifice hit brought in one in. The next three innings not one Bridgton man got first base.
In the eighth a safe hit to left field gave two bases, and a duplicate hit brought a man home. Yet another hit in the same territory tied the score.
In the ninth, one man got base on balls and the next hit was for two bases. The ball was thrown wild to the plate and two runs came in.
For Paris, Clason was hit by a pitched ball, stole second and went to third, was advanced to third by E. Shaw single and steal to second, L. Clark hit to second and was retired at first, ending the game. Detailed score:

RESOLUTIONS OF RESPECT.
On death of William S. Allen, who died March 11, 1905.
WHEREAS death has again entered our fraternal circle and taken from our number a worthy brother, a member of our number since 1892. We shall miss his friendly greeting, and his aid and willing service in promoting the good of the Order. Therefore
Resolved, by the death of our Brother, Bear Mr. Grant Jones at his home and respected member, his brother a kind friend and sympathizer, and the loss a good citizen.
Resolved that we as a Grange, extend to the bereaved brother and family our hearty sympathy in their hour of sorrow.
Resolved that a copy of these resolutions be entered upon our records, a copy sent to the bereaved family, and a copy sent to the NORWAY ADVERTISER for publication.

RESOLUTIONS OF RESPECT.
WHEREAS it has been the will of Almighty God in His infinite wisdom and immutable love, in whom there is no variableness, neither shadow of turning, to permit death to again enter our ranks and take from us our sister and co-worker, Miss Agnes E. Bonney, we deeply mourn her loss while we humbly submit to the Divine will. Therefore be it
Resolved that in the death of Miss Bonney, Snow Bound Reading Club has sustained the loss of a true and loyal member and that her family have been deprived of an affectionate daughter and a kind and loving sister.
Resolved that we extend our heartfelt sympathy to the bereaved family in this their hour of sorrow. That a copy of these Resolutions be spread on the records of the Club, and published in the NORWAY ADVERTISER, and a copy forwarded to the family.

Does Your Heart Beat

Yes. 100,000 times each day. Does it send out good blood or bad blood? You know, for good blood is good health; bad blood, bad health. And you know precisely what to take for bad blood—Ayer's Sarsaparilla. Doctors have endorsed it for 60 years.

One frequent cause of bad blood is a sluggish liver. This produces constipation. Poisonous substances are then absorbed into the blood, instead of being removed from the body daily as nature intended. Keep the bowels open with Ayer's Pills, liver pills. All vegetable.

Whooping Cough.

The quick relief afforded by Chamberlain's Cough Remedy in cases of whooping cough, makes it a favorite with the mothers of small children. It liquefies the tough mucus, making it easier to expectorate, keeps the cough loose and counteracts any tendency toward pneumonia. This remedy has been used in many epidemics of whooping cough and always with perfect success. There is no danger whatever from the disease when it is freely given. It contains nothing injurious and may be given confidently to a baby as to an adult. For sale by Noyes Drug Store, Norway; Saurfield's, South and West Paris. 16-19

"The pines are up," said grandma one day, as she sat at her window knitting away. "But see—there's just a little of that drift Or snow—right in the corner there. Where the very largest violets appear. Beneath the first warmest snow." "Not strange at all, my grandma dear; Beneath this snow-crowned head, right here," "Twas white as wool, as silver fair, Beneath this snow-crowned head, right here, The richest fruits of love appear. Then why not fairest violets grow, Beneath the very deepest snow?" Outisfield, Me. S. J. WESTON.

HEALTHY OLD AGE

There is No Reason Why People of Three Score Years and Ten Cannot Be Active, Bright and Healthy.

Nature's Way of Flaking Old People Well.

In old people, no matter how healthy the individual may otherwise be, there is often a tendency to clogged arteries, sluggishness of the circulation, torpidity of the liver and constipation. This tendency is really a condition, and one of the many accompaniments of old age and not a disease. If there is one remedy more peculiarly adapted for this condition than another, that remedy is Smith's Pile and Butternut Pills. They impact energy to the whole system, invigorate the circulation, increase the flow of digestive juices, thus improving the stomach action and the entire system. They quickly relieve all the symptoms usually experienced by old people, resulting in torpidity of the liver, constipation, feeble circulation, headaches, etc. Smith's Pile and Butternut Pills are of incalculable value not only in advanced age, but also in people of all ages. They prevent premature wrinkles, give a health glow to the skin, and under their auspicious and blood cleansing influences the complexion retains its freshness, while sallowness permanently disappears. Hundreds of grateful old ladies in their letters write: "Your pills make me look and feel ten years younger." Smith's Pile and Butternut Pills always make old age comfortable, and promote digestion and nutrition by their specific action on the stomach, liver and bowels. They always cure sick headache, constipation and biliousness in one night. 25 cents at all dealers.

Lura Buzzell's Big Trout.

A party from the Mt. Cutler House went fishing for landlock salmon at Sebago lake last week with very good success. They brought home some very fine ones. Among the party was the proprietor, Alfred Dow, and B. F. Buzzell and wife Lura, who are stopping at the house. The following story was related to the writer:

As Lura held her rod she had a bite, not a mosquito bite either. One of the crew seeing that she had more than a small fish at the end of her line said, "Take hold of that rod quick." "No, you don't," said Lura, "this is my fish," as she towed him along side of the boat and her husband put his net under the fish and brought him into the boat. They were all very much pleased and Lura said that Mrs. Lura had landed the best fish she has tipped the scales at twelve pounds.

John Gram has sold his colt for \$200. Ezra Bosworth will move into his cottage this spring.

Dr. C. E. Wilson is putting a fine piazza on his house.

Bert Frazier from Rumford Falls is visiting friends in Hiram.

James H. Ridlon has been putting his house in order for summer boarders.

C. I. Lewis, formerly of Conway, is driving L. S. Lowell's span of horses.

John Clemons is clerking for L. Cotton & Son at the corner grocery store.

Hard building has commenced and it will be pretty hard riding for a while.

School opened on Hiram Hill last week with a good attendance, taught by Miss Loggals.

Charles Winthrop Sawyer from Boston was here looking for a place to board his family this summer.

Many took advantage of the excursion to Portland, May 2, as the fare was reduced to 35 cents round trip.

Eli Wadsworth is having good luck with his chickens as he has between three and four hundred hatched out.

Sheriff Palmer was in this place and arrested one Emma Norton and Harry Goodwin for night walking and damaging other folks property.

There have been between five and six hundred thousand feet of white pine timber turned into sawdust since Pierce's landing this spring.

Our good friend, George Norton, gave us a mess of smelts the other day, one of them being ten inches long, and we enjoyed eating them very much.

Isaac S. Lowell, who was substitute letter carrier, has resigned, and the rural letter carrier, C. C. Lowell, has appointed Albert G. Stearns as his substitute.

We are having it very dry and people will suffer for water soon if we don't get some rain. The wind has blown about every day since April came in, and we enjoyed eating them very much.

Reuben Moulton has had a slight shock. He was as well as usual and about his farm work when he felt it coming on. His head grew very dizzy and he went to the house, and after entering it he felt a severe pain in his head. After the pain left he found he had lost the light of one of his eyes and had seen anything out of it since. The doctor said it was caused by a clot of blood on the brain and by running on the optic nerve spent its force on the eye.

The ten o'clock passenger train started a fire from cinders falling into some boxes within ten rods of Hiram village, Wednesday, which gave the village a pretty good scare. As Mt. Cutler slopes down to the railroad, it made for the mountain and moved along up its side like a race horse. They fought it the best they could and telegraphed up the line for the working train, which arrived about three and by Thursday morning they had it under control. There were a hundred or more acres on the mountain burned over.

Coal is being put in for next winter's use. It almost makes us shiver to think what we have just passed through and the near approach of another winter. Coal in this wooden country? Yes, people complain that they often have to pay for 6 or 7 feet of ordinary wood as much or more than the market price for a cord with 4 inches added to send away. And this is so in many cases, hence coal is more economical.

ALBANY.

Silver Wedding.
Mr. and Mrs. W. B. Cummings celebrated the 25th anniversary of their wedding day on Monday evening, May 1, at Albany Grange hall. The hall was prettily decorated with evergreens and flowers and presented a most pleasing appearance for its holiday attire. All roads seemed to lead to Albany Grange hall on that eventful night, as all can testify who saw the large crowd of friends and neighbors who gathered there to extend congratulations and to leave some little token of their best wishes.

Assne treat of candy and peanuts was served during the evening. Dancing was indulged in until the wee small hours. All joined in calling it a most enjoyable occasion and in wishing the host and hostess many happy returns of the day.

SOUTH WATERFORD.

The Blossom Family.

The drama, The Blossom Family presented at Grange hall by the Waterford dramatic company was a very creditable event. The parts were well performed and the players showed talent. The affair was humorous and that the large audience was well entertained, was in evidence by the oft repeated applause and attention shown. The impersonation was good as was the music which was interspersed. The entertainment would well grace a much larger town.

Mrs. Blanche Merrill is gaining.

Eugene Nelson is painting his house.

Mr. and Mrs. Hans Muller have moved to the Wentworth house.
